**Extension ads** Two large ads highlighting Extension work are among six recently created for the Office of Outreach and Strategic Partnerships. We chose these two areas to focus on as the initial run, and hope to highlight other areas in the future. The ads will be running in four airports around the state through the month of June, including Denver, Colorado Springs, Grand Junction and Durango. Contact Joanne Littlefield ([joanne.littlefield@colostate.edu](mailto:joanne.littlefield@colostate.edu)) for more information on this campaign.

Knowledge from **A** to **Y**.

From Agriculture to Youth programs and so much more in between, real answers are only as far away as your trusted, local Extension agent.
Local Problems. University Solutions.

Practical information from a world-class university available at locations throughout the state.
