

CMG GardenNotes #155

Homework: *How Plants Grow*

Answer the following questions

1. Why is it important to use scientific names for plants rather than just common names?
2. Why is it important for the gardener to understand the importance of plant families?
3. How can high temperatures affect the flavor of a melon?
4. How can late spring frosts affect plant growth and development?
5. How do the seven degrees of shade relate to plant placement in the landscape?
